Time to Cut Expenses?

You could spend hundreds, if not thousands of dollars in advertising to get the message out about your company's products and services. OR, you could invest \$25 to \$35 per month (and some of your time) in membership dues for the Marlborough Regional Chamber of Commerce – The 495 Chamber of Choice!

Think of all the possibilities: multiple networking opportunities at lunches and events, volunteer positions on committees to raise your profile and connect with many others, educational seminars, contact lists available, sponsorships, Expo display space – the list goes on and on.

Like anything else, in order to get results out of your Chamber membership, you need to put some effort into it. It's simple to do: for example, attend monthly networking events, place an insert in the newsletter, or even take advantage of the low cost advertising in the Chamber's new home buyers mailing, to promote your business.

But DO NOT drop your membership in the Marlborough Regional Chamber of Commerce. INSTEAD, LEVERAGE IT – get more involved! Be the positive force in your business and community that lays the groundwork for economic prosperity!

I am proud to say that in difficult, as well as good, economic times, the Chamber staff continues to attract and recruit new members and we are continually looking for ways to create better events and opportunities for our members.

Isn't that the type of organization we would all like to be associated with? The good news is that YOU ARE part of that group and we want you to continue to be an active participant. Remember "The World is Run by Those Who Show Up" I'll see you at the next Chamber event!

Words of Advice

I have truly been blessed to be part of this chamber for over 4 years. As part of my philosophy to give back to those who give into me I opted to become an ambassador a little over a year ago. Having only been in my business for 6 years I know what it's like when starting out how important it is to be connected to the right people. Realizing often times it's crucial in the first year of membership that a new chamber member gets the support and information they need to be successful, I take quite seriously my job as a secondary voice and an additional ear to listen to the concerns of chamber members. It has truly been a joy meeting all of the businesses that have come aboard in my first term as an ambassador. Whether it be curling, escape room adventures or ballroom dancing, I know that they're all vital members of our community. Doing my utmost to serve their needs and to help be the glue that keeps the chamber together I hope other members will consider becoming an ambassador even if for just a little while to truly appreciate the inner workings of this amazing chamber.
